

## List of Environmental Consultants/EIA Preparers

*Prepared by the Department of the Environment:*

The following is a list of companies who have submitted Environmental Impact Assessments (EIA) to the Department of the Environment, or provided environmental consulting services. The Department of the Environment (DOE) would like to make it clear that it is not in any way responsible for the actions of any EIA Preparer. In addition, the DOE does not recommend any organization over the other; it is the sole responsibility of the developer to choose between the EIA preparers.
